

NorthShore ADHD Clinic presents
a free public seminar...

April 21, 2010

7-9 pm

UBC Downtown Campus Robson Square

800 Robson Street, Vancouver; 604-822-3333 | robsonsquare.ubc.ca

Parenting the adhd child

You are invited to join these expert clinicians
for a presentation and discussion
on how best to address the challenges
of parenting children with ADHD.

Participants will learn about ...
the most effective medical and behavioural approaches
to promoting healthy individual and family functioning,
followed by a lengthy question and answer period.

This seminar is supported by educational grants from: Janssen, Lilly, Purdue, Shire

ADHD Coach
Lawrence Sheppard
MA, RCC

Is a registered clinical counsellor and life coach, and co-founder of the NorthShore ADHD Clinic. He works to recognize the strengths of his clients and to use those strengths to help them learn skills that will allow them to optimize their function at home, at work and socially.

Addiction Physician
Dr. Anthony Ocana
MSc, MD, CCFP, ABAM

is an award winning addiction specialist and the other co-founder of the NorthShore ADHD Clinic. His aim is to increase awareness of ADHD and addictions in order to bring hope, health and dignity to his patients.
